Other Specialist Outpatient Services

SLT Children's Respiratory Clinic

We provide services for children with **swallowing, or communication difficulties** specifically related to **known Respiratory Health condition only**. We **only accept referrals** to this service from **Royal London Hospital Respiratory Consultants** in letter.

SLT Children's Voice Clinic

We provide services for children with **voice disorders**, provided by the Adult SLT service

ALL referrals require ENT scoping assessment first and a Paed ENT Voice referral Form (available in clinic)

Send Paeds ENT Voice Referrals to
Adult Speech and Language Therapy
Paediatric Voice Outpatient Therapies Department
The Royal London Hospital
2nd Floor, Main Building, Whitechapel Road
Whitechapel, London, E1 1BB 0203 594 1184

Patient information

Information for GP's & Clinicians on referring to Children's Speech & Language Therapy Hospital

To talk to us please contact:

020 359 41534

Acute Paediatric Speech & Language Therapy Team, Royal London Hospital, Level 7, Clinic 3, Whitechapel Road, London E1 1BB

We work Monday to Friday between 8.30am-4.30pm

Our Service Provision

We are a small team of **specialist speech and language therapists** (SLT's) based at The Royal London Children's Hospital.

We predominantly provide **inpatient services** and a **limited** number of **specialist outpatient clinics**.

All other referrals for speech, language and or swallowing difficulties must go to Community SLT Services (see back page for contacts)

Inpatient Referral Pathway

We provide **inpatient services** to;

- The Royal London Children's Hospital
- Newham University Hospital
- Whipps Cross Hospital

For the **assessment and management** of

- pre-feeding and early communication
- breastfeeding and bottle feeding and
- acquired eating, drinking and communication difficulties.

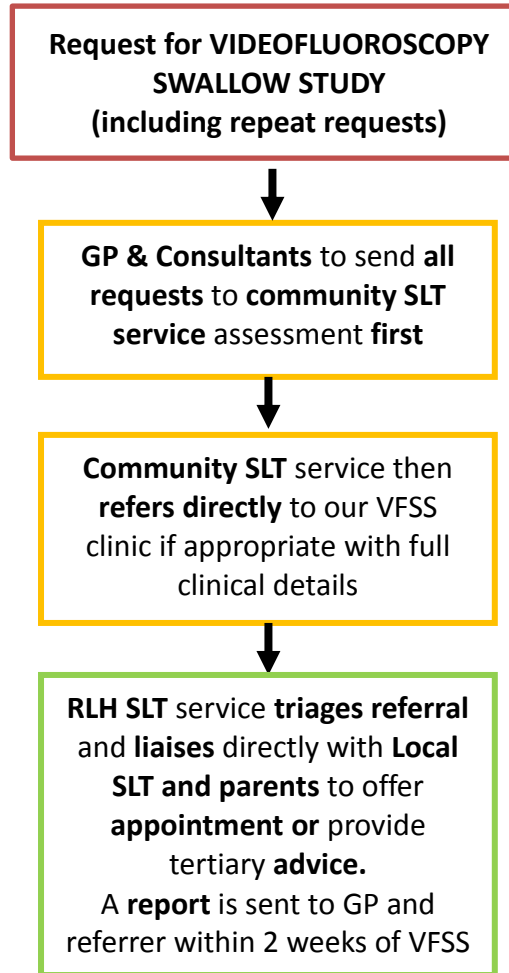

All referrals to our inpatient services are made by ward staff by calling:

0203 594 1534

Videofluoroscopy Referral Pathway

We provide **weekly Videofluoroscopic Swallow Study Clinic** for children requiring objective **moving x-ray of swallowing**.

- Tuesday Afternoons 2-4:30pm
- Children's Imaging Level 1

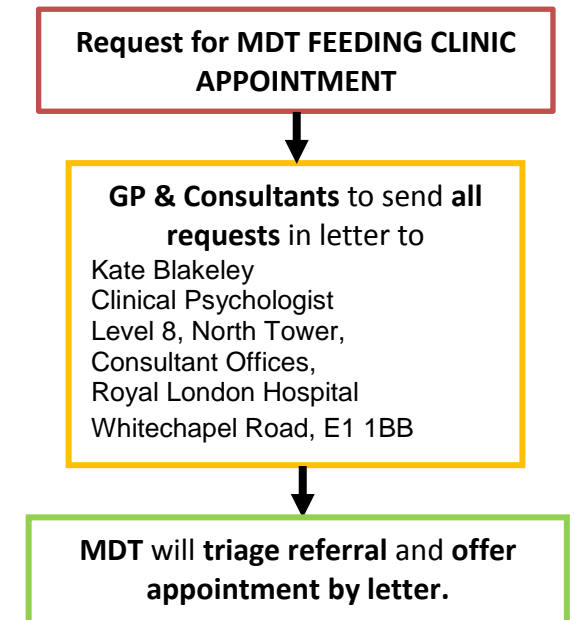

Nb/ we do not accept referrals for VFSS without a Clinical SLT assessment first as per professional standards

MDT Feeding Clinic Outpatient Referral Pathway

We are part of a weekly **MDT Feeding Clinic** providing tertiary **diagnostic assessment and advice** as part of a multi-disciplinary team for babies and children with chronic or undiagnosed eating, drinking, swallowing or feeding difficulties in liaison with Local SLT.

Referral criteria includes children presenting with **chronic food refusal and/or restricted diet**, due to suspected, undiagnosed and/or unmanaged medical difficulties e.g. reflux, allergies, vomiting, constipation or gut dysmotility.

- Wednesday Mornings 9-1pm
- Clinic 5, Outpatients, RLH, Level 7

Nb/ if the child presents with swallowing difficulties they should be referred to their Community SLT service for assessment
